

INTERNATIONAL  OF THE LIVING, INC.

February, 2008

To Whom It May Concern:

This is to certify that applicants for the International March of the Living program through Taglit-birthright israel can visit doctors who they have known for less than 18 months. Please disregard this requirement on the form.

We understand that this is a difficult requirement for many people in this peer group. Any doctor filling out the form should indicate how long they know the patient even if it is just for that visit.

NOTE: If applicant is seeing a specialist and/or taking any medications the requested documentation is necessary and not waived as a requirement.

Thank you.

International March of the Living
